

How to be a Super Splash Hero

Where are the Super Splash Heroes
Amira, Jada, Amit and Max?
In their treehouse of course!

They spend time up there finding ways
to save water every single day...

Hi guys! My name is Charlie
and I need your help.
I want to save water - but I
don't know how!

Sounds like a job
for the Super Splash
Heroes - I'm on my
way Charlie!

Amira visits Charlie's house
to see what she can do

It's easy to save water
when you know what to do...

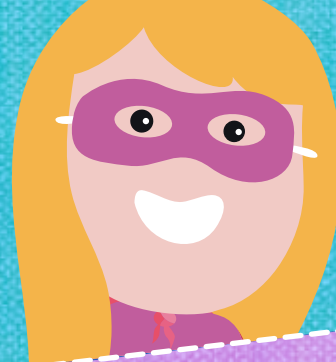

This is my mum
Sue, my little
brother Jack
and our naughty
dog Ralph. We
all need help to
save water.

Water is needed for
washing dishes and clothes

It's a good thing Charlie
has called in the pros!

Amira calls the others in the treehouse
She needs their help to work this challenge out!

When you use a washing machine,
make sure you fill it to the brim.
It still gets your clothes nice and clean!

When you wash up, fill up a bowl.
It stops lots of water running
down the plughole.

I'll do the next water
saving challenge.
See you soon Charlie!

Charlie's dad is washing his car in the sunshine
But he's using a hose - that's a bad sign!

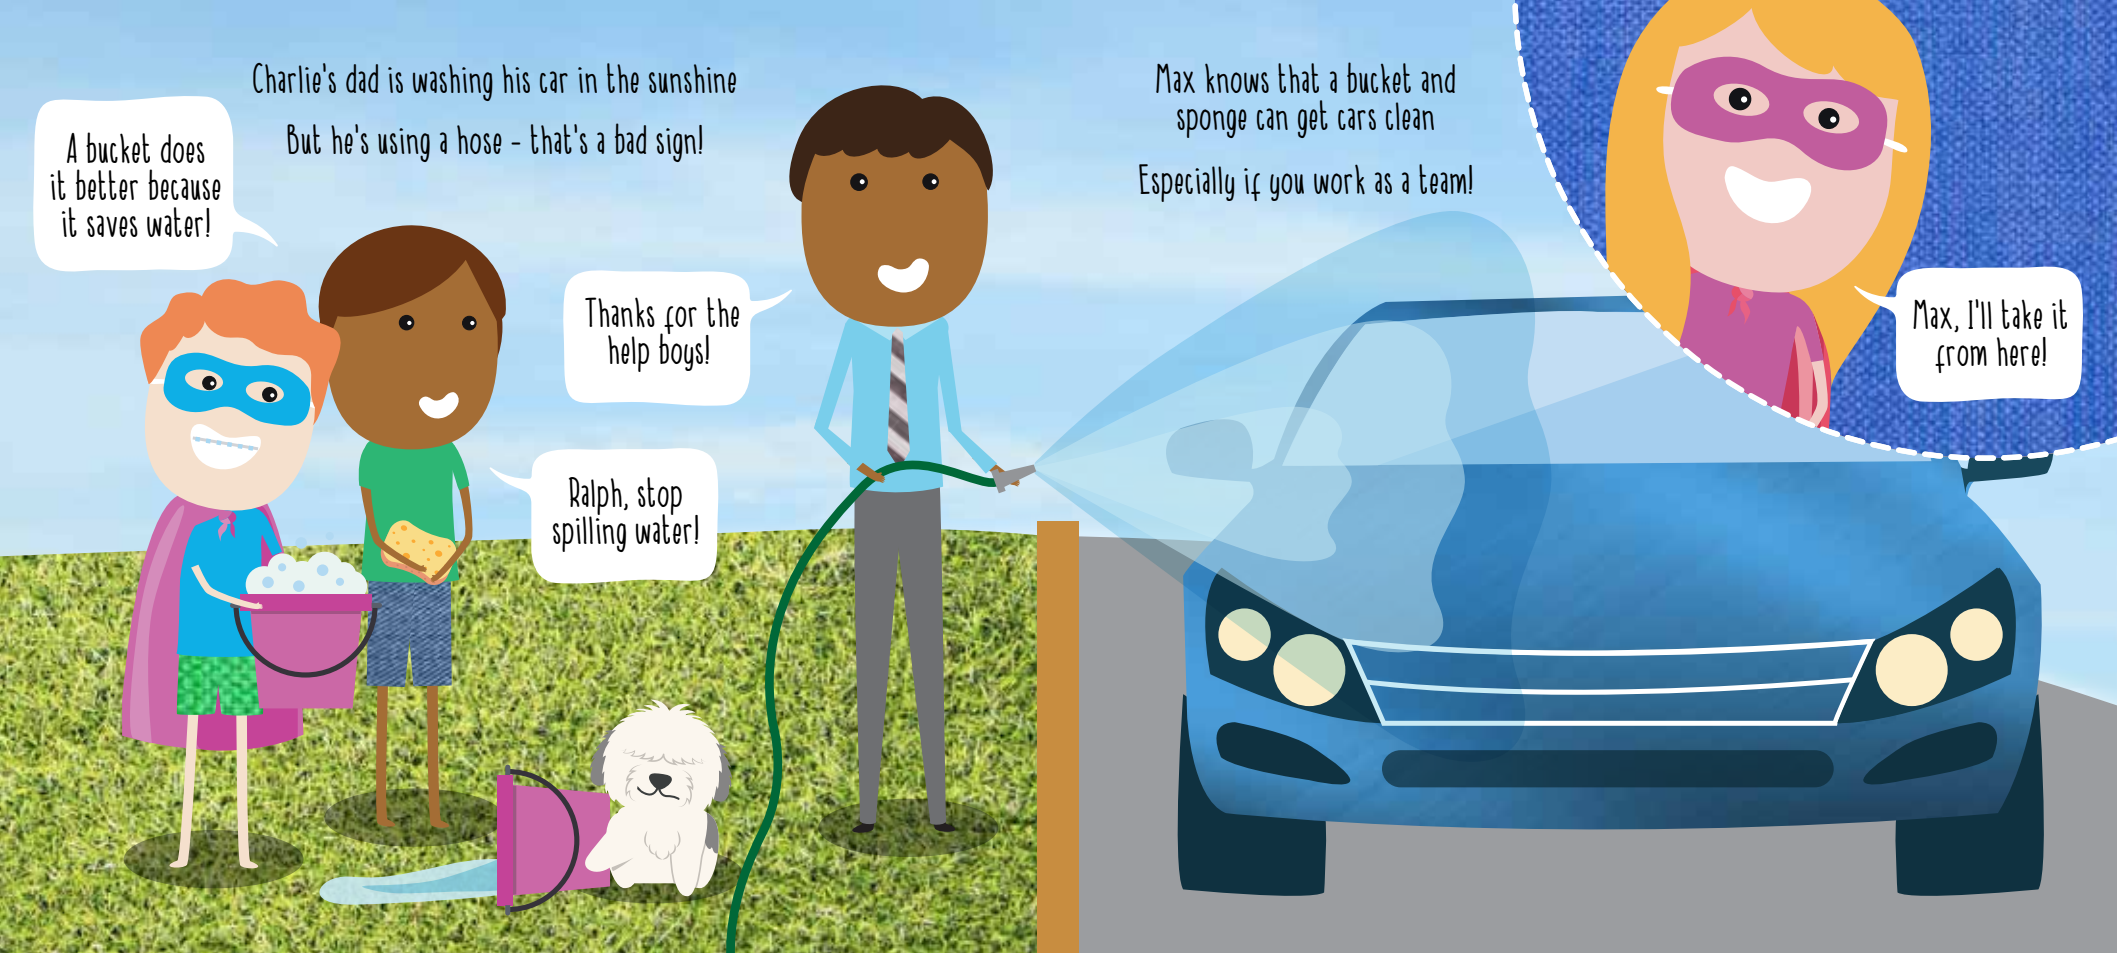

A bucket does
it better because
it saves water!

Thanks for the
help boys!

Ralph, stop
spilling water!

Max knows that a bucket and
sponge can get cars clean
Especially if you work as a team!

Max, I'll take it
from here!

In the bathroom,
a lot of water is lost.

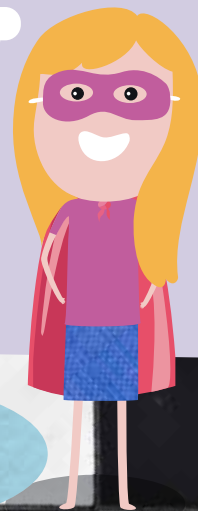

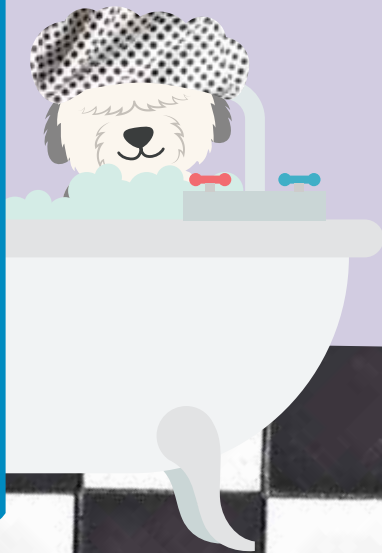

It's bad for the planet -
and there's a cost!

Turn off the tap when you brush

And use a shower not a bath,
to have a wash!

Get out of the
bath Ralph!

You're on your
way to becoming
a Super Splash
Hero Charlie!

A water butt collects the rain,
Saving it from wasting down the drain

Now we just
need to teach
Ralph to save
water!

Don't use a hose to
water the plants,
Fill your watering can
from the water butt -
it's just as fast!

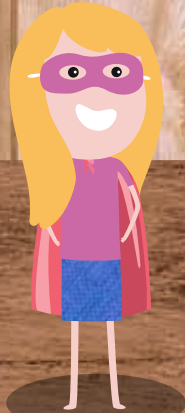

Calling
all Super
Splash Heroes:
I think we have
a new recruit!

If you follow this water saving guide
You can wear your cape with pride!

To be a Super Splash Hero,
all you need to do

When it comes to water, is think
before you use.

Find different ways to save
water every single day,
Show your family and
friends - and lead the way!

The End
