2. BASIS OF PURCHASE

- 2.1 The Purchase Order constitutes an offer by NWL to purchase the Supply subject to and in accordance with these Conditions.
- 2.2 These Conditions shall apply to the Contract to the exclusion of any other terms and conditions on which any quotation has been given to NWL or subject to which the Purchase Order is accepted or purported to be accepted by the Supplier or any terms and conditions which the Supplier otherwise seeks to impose or incorporate or which are implied by trade, custom, practice or course of dealing. Any reference in the Purchase Order or the Conditions to the Supplier's quotation, specification or like document shall not be deemed to imply that any terms or conditions endorsed upon, delivered with, or referred to in such quotation, specification or like document are to have effect to the exclusion or amendment of these Conditions.
- 2.3 The Purchase Order will lapse unless accepted unconditionally by the Supplier in Writing within ten (10) Working Days of its date. If the Contract is performed within this ten day period, no acceptance in Writing is necessary.
- 2.4 No variation to the Contract shall be binding unless agreed in Writing between the authorised representatives of NWL and the Supplier.

- 2.5 Notwithstanding the foregoing, NWL may at any time make changes in Writing relating to the Supply, including (without limitation) changes in the Specification, quality or quantities, and/or time or place of delivery. If such changes result in any alteration in cost of, or time required for, the performance of the Contract, a fair and reasonable adjustment shall be made to the Price, date or period for delivery, or both. Any such adjustment must be agreed in Writing before the Supplier proceeds with such change. If no such agreement is reached within ten (10) Working Days the matter shall be referred for resolution in accordance with Condition 26 and the Supplier will (unless otherwise agreed in Writing) suspend or not commence the Supply. NWL can withdraw the change at any time, and, in the event that the Supplier unavoidably incurs additional costs in connection with any suspension that will not be recovered as part of the Price, NWL shall reimburse the same if invoiced therefor, provided that the Supplier also produces evidence of its entitlement to the reasonable satisfaction of NWL. For the avoidance of doubt, NWL shall not be entitled to use this right to cancel Services which have already been performed.
- 2.6 The Contract will be treated as a single contract and not severable even if the Services are to be performed or Goods are to be supplied by instalments.

3. STANDARD OF SUPPLY AND PREVENTION OF CORRUPTION

- 3.1 The Goods shall, subject as provided in these Conditions, be as specified in the Contract and the Supplier shall perform the Services at all times in accordance with the Contract (including, without limitation, any SLA) and, if no higher standard is specified therein, to the standard referred to within Condition 3.4.3 below.
- 3.2 The Supplier shall comply with all applicable statutes, regulations, byelaws and other legal requirements, and any codes of practice or guidelines from time to time in force concerning the Supply.
- 3.3 NWL relies on the skill and judgment of the Supplier in the execution of the Contract and the provision of the Supply and the Supplier is deemed to have understood the nature, extent and purpose of the Supply and satisfied itself in relation to all matters connected with the Supply and the Premises (where applicable), and NWL shall at the request of the Supplier, grant such access to the Premises as may be reasonable for this purpose. The Supplier is also deemed to have acquainted itself with the purposes for which the Goods and/or Services are to be used.
- 3.4 The Supplier represents and warrants to NWL that:
- 3.4.1 the Supplier has good title to the Goods which are its sole unencumbered property and which the Supplier is entitled to and shall sell free of any charge, lien, mortgage or other security whatsoever;
- 3.4.2 any Goods will comply with their description and any applicable specification (if any), all applicable statutory and regulatory requirements relating to the manufacture, labelling, packaging, storage, handling and delivery of the Goods and will be free from defects in design, materials and workmanship, and will be of satisfactory quality (within the meaning of the Sale of Goods Act 1979) and be suitable for their intended purpose and, in this respect, NWL relies on the Supplier's skill and judgement;
- 3.4.3 any Services will be performed with the best care, skill and diligence (in accordance with best practice in the Supplier's industry, profession or trade) by appropriately qualified, skilled and trained personnel who are suitably experienced to perform tasks assigned to them;
- 3.4.4 neither it nor any of its employees, agents or subcontractors has committed (and nor will they commit) any Prohibited Act whether in connection with the award of the Contract or otherwise; and
- 3.4.5 it has adequate procedures in place to prevent the occurrence of a Prohibited Act.

4. MANNER OF PROVISION OF THE SUPPLY

- 4.1 Access to the Premises shall not be exclusive to the Supplier but only such as shall enable it to provide the Supply concurrently with the execution of work by others. The Supplier shall co-operate with such others as NWL may reasonably require.
- 4.2 Whenever present on the Premises or any other premises of NWL, the Supplier shall, and shall procure that its employees, agents or subcontractors shall comply in all respects with all security and other terms, policies and/or guidelines applicable to such premises as are made known to the Supplier and any instructions from time to time issued by NWL regarding the conduct of the Supplier or its employees, agents and subcontractors on any such premises. In addition, the Supplier shall take such steps as are reasonably required by NWL to prevent unauthorised persons being admitted to any such premises. If NWL gives the Supplier notice that any person is not to be admitted to or is to be removed from any such premises, or is not to become involved in, or is to be removed from, involvement in the performance of the Contract, the Supplier shall take all necessary steps at its own cost to comply with such notice and, if required by NWL, the Supplier shall replace any person removed under this Condition with another suitably qualified and experienced person and procure that any pass issued to the person removed is surrendered to NWL.
- 4.3 If and when reasonably requested by NWL, the Supplier shall give to NWL a list of names of all persons who are or may be at any time concerned with the Supply or any part of them, specifying the capacities in which they are concerned, and giving all other particulars and evidence of identity and other supporting evidence as NWL may reasonably require.
- 4.4 The decision of NWL as to whether any person is to be admitted to or is to be removed from the Premises or any other premises of NWL, or is not to become involved in, or is to be removed from involvement in the performance of the Contract shall be final and conclusive.
- 4.5 Where the Supplier or its employees, agents or subcontractors, in providing the Supply, executes work using, and/or installs software on, and/or connects computer equipment to the computer network or equipment used by NWL (collectively the NWL Network) then the Supplier shall (and shall ensure that its employees, agents or subcontractors shall) observe such procedures (including without limitation and where required by NWL, the use of equipment and software provided by NWL to provide the Supply in place of the Supplier's own equipment and software and/or making available any equipment or software for virus checking by NWL prior to installation and/or connection to the NWL Network) and provide such information as NWL shall require. The Supplier further undertakes that no such equipment or software (other than any provided by NWL to the extent it is used properly) used by the Supplier or its employees, agents or subcontractors shall cause any loss, damage, corruption or other adverse effect upon the NWL Network. The Supplier shall indemnify NWL against any loss or corruption of data and any non-availability, diminution in performance or other loss or damage caused to the NWL Network as a result of non-compliance with this Condition 4.5.
- 4.6 The Supplier will provide such progress reports and other information in relation to the provision of the Supply as NWL may reasonably request from time to time.
- 4.7 On completion of the Supply, the Supplier shall remove its plant, equipment and unused materials and shall clear away from the Premises all rubbish arising out of the Supply and leave the Premises in a neat, tidy and safe condition and, in any event, in no worse condition than when the Supplier first gained access to the Premises.
- 4.8 Prior to the commencement of performance of the Supply, the Supplier shall provide NWL with any instructions or other information which NWL requires to accept such performance. All Goods shall be supplied with full instructions for their proper use, maintenance and repair, and with any necessary warning notices clearly displayed.
- 4.9 The Supplier shall not unreasonably refuse any proper request by NWL to inspect, test or analyse any Goods during manufacture, processing or storage at the premises of the Supplier or any third party

prior to despatch, and the Supplier shall provide NWL with all facilities reasonably required for the same. If NWL informs the Supplier in Writing within seven (7) days of inspection, testing or analysis that it is not satisfied that the Goods will comply in all respects with the Contract, the Supplier shall, without prejudice to any other right or remedy of NWL, take such steps as are necessary to ensure compliance, and the costs of such tests, inspection or analysis shall be met by the Supplier. NWL may set off any such costs against the Price in accordance with Condition 6.4.

4.10 For the avoidance of doubt, unless stated otherwise in the Contract, NWL shall not be obliged to carry out any inspection, testing or analysis of any Goods or Services, nor shall any acceptance by NWL of any Goods or Services relieve the Supplier of any of its obligations under the Contract.

4.11 Where any Goods are to be supplied in instalments, each delivery shall be accompanied by a packing note or delivery note setting out the number of the Purchase Order.

4.12 NWL shall not be obliged to return to the Supplier any packaging or packing materials for any Goods, whether or not it accepts the relevant Goods themselves.

5. PRICE

5.1 The Price payable for the Supply shall be as stated in the Purchase Order, save only as may be varied under Condition 2.5, and, unless otherwise stated, shall:

5.1.1 exclude any applicable value added tax ("VAT") (which shall be payable by NWL subject to receipt of a VAT invoice); and

5.1.2 include all charges for packaging, carriage, insurance and delivery of any Goods, all charges for travel, consumables and other expenses incurred in performing any Services, and any duties, imposts or levies other than VAT.

6. PAYMENT

6.4 NWL may, at its sole discretion, either set off against the Price (including any applicable VAT payable) any sums owed to NWL by the Supplier, including (without limitation) any Liquidated Damages payable in respect of delay in performance, breach of any SLA or otherwise, up to any cap or caps on the same, in each case as set out in the Contract, or invoice the Supplier for the same monthly in arrears.

6.5 The Supplier must submit electronically each invoice promptly to NWL only to the e-mail address given in Condition 6.2 on or after completion of the Supply, or at such other intervals only if set out in the Contract.

6.6 No payment made or acceptance in respect of any Goods supplied or Services performed by the Supplier will in any way restrict any claims or rights NWL may otherwise have against the Supplier.

7. TIME FOR PERFORMANCE

- 7.1 The Supply shall be performed on the date or within the period stated in the Contract, and, when the Supply is to be performed at the Premises, during NWL's usual business hours unless otherwise agreed in Writing. Time is of the essence of the Contract.

- 7.3 The Supplier shall begin performing the Supply on the date stated in the Contract and shall complete the provision of the Supply by the date, or within the period, stated in the Contract (whichever is applicable). If requested by NWL, the Supplier shall submit such detailed programmes of work and progress reports as NWL may from time to time reasonably require. In the event that NWL believes, in its absolute discretion, that the Supplier is unlikely either to achieve any programme milestones which NWL considers to be key milestones by the date agreed for them, or to complete the Supply by the date (or within the period) for completion set out in the Contract (or otherwise agreed in Writing), then NWL shall be entitled to notify the Supplier in Writing that any dates or periods for delivery are of the essence of the Contract. Following such notification, if the Supply is not completed, or key milestones achieved, by such date(s), or within such periods, NWL shall, without prejudice to any other right or remedy, be entitled (at its option) to regard the Contract as discharged by the Supplier's breach, to release itself from any obligation to accept and pay for any Goods or Services, to cancel all or part of the Contract yet to be performed, and to require the repayment of any part of the Price which has been paid.

8. RISK AND PROPERTY

- 8.1 Risk of damage to or loss of any Goods shall pass to NWL upon completion of delivery to NWL in accordance with the Contract. Transit and offloading shall in every case be at the Supplier's risk.
- 8.2 Title to any Goods shall pass to NWL at the time and place of delivery unless otherwise specifically agreed in Writing, save where any advance payment or progress payment is made by NWL, in which case the title (but not the risk) in any Goods purchased or allocated by the Supplier for the purposes of the Contract shall immediately vest in NWL at the time of such purchase or allocation.

9. NWL'S MATERIALS

- 9.1 Where NWL issues any goods, equipment, consumables or materials free of charge to the Supplier for the purpose of the Contract ("NWL's Materials") such items shall remain the property of NWL and be held at the Supplier's risk. The Supplier shall maintain all of NWL's Materials in good order and condition and shall use them solely in connection with the Contract.

17. TERMINATION

17.1 The rights of termination conferred by this Condition 17 are in addition to, and not in substitution for, the rights conferred by Conditions 7.3 and 18.

17.2 NWL shall be entitled to terminate the Contract in respect of all or part only of the Supply by giving not less than five (5) Working Days' notice in Writing to the Supplier prior to the commencement of performance, in which event NWL shall pay and the Supplier shall accept in settlement of all claims under the Contract such sum as shall reasonably compensate the Supplier for:

17.2.1 work done to date; and

17.2.2 raw materials or goods irrevocably ordered by the Supplier from a third party in and for the performance of the Contract prior to its termination (provided that the Supplier can demonstrate to the reasonable satisfaction of NWL that the Supplier will not be able to reuse them in its business).

For the avoidance of doubt the provisions of this Condition 17.2 shall not apply if the Contract is terminated by NWL pursuant to any negligence or default for which the Supplier is liable under the Contract.

17.3 NWL shall be entitled to terminate (i) the Contract and/or (ii) any other contracts between NWL and the Supplier in each case without liability to the Supplier and without prejudice to the other rights of NWL in any of the following circumstances:

17.3.1 the Goods supplied or Services performed by the Supplier are such that there is a material non-compliance with the Contract;

17.3.2 the Supplier becomes, in the reasonable opinion of NWL, insolvent; or

17.3.3 the Supplier shall have committed any breach of the Contract which either is not capable of remedy or, if such breach is capable of remedy, it shall have failed to remedy within five (5) Working Days (or within any other agreed timescale) of being required by NWL in Writing to do so.

17.4 The right of termination shall also exist where NWL reasonably considers that any of the events mentioned in Condition 17.3 is about to occur in relation to the Supplier and notifies the Supplier accordingly.

17.5 Termination, suspension or expiry of the Contract howsoever arising shall not prejudice or affect any right of action or remedy which shall have accrued or shall thereupon accrue to NWL and shall not affect the continued operation of any provisions of the Contract which expressly or impliedly are intended to come into or continue in effect following termination or expiry of the Contract.

17.6 Without prejudice to any other provision of this Contract, NWL shall have the right at any time and for any reason to terminate or suspend the Contract in whole or in part by giving the Supplier not less than 5 working days written notice whereupon the provision of Goods, Services or works under this Contract shall be discontinued and NWL shall pay to the Supplier fair and reasonable compensation for any work-in-progress at the time of termination but such compensation shall not include Indirect Costs, loss of anticipated profits or any other consequential, special or indirect loss.

18. REMEDIES, LIABILITY AND INSURANCE

- 18.2 Any Liquidated Damages set out in the Contract have been agreed as a genuine pre-estimate of the loss that would be suffered by NWL in the circumstances in which they become payable. Liquidated Damages paid or deducted (whether or not up to any applicable cap) will count towards the overall cap on the Supplier's liability in respect of the Supply.
- 18.3 In connection with any liability in respect of which NWL may seek an indemnity under this Contract the Supplier must provide all such assistance or advice as NWL may reasonably request for the purpose of contesting or defending the same.
- 18.4 Neither the Supplier nor NWL shall be liable to the other or be deemed to be in breach of the Contract by reason of any delay in performing, or any failure to perform, any of its obligations if the delay or failure is beyond that party's reasonable control. If, however, there is such a delay or failure on the part of the Supplier it shall forthwith repay to NWL all monies paid to it by NWL (and this remedy shall be cumulative with NWL's other remedies under the Contract).
- 18.5 Nothing in the Contract shall have the effect of excluding or limiting the liability of either party for:
- 18.5.1 death or personal injury to the extent it results from the negligence of that party or its employees, agents or subcontractors in the course of their engagement under the Contract; or
 - 18.5.2 gross negligence, misrepresentation or fraud.
- 18.6 Subject to Conditions 18.5 and 20.5, where a claim arises under or in connection with the Contract the total liability of the Supplier for any single event or series of related events (whether in contract, tort (including negligence) or otherwise) will not at any time exceed five million pounds (£5,000,000).
- 18.7 The Supplier shall have in force and shall require any subcontractor to have in force:
- 18.7.1 employers' liability insurance in accordance with any legal requirements for the time being in force; and
 - 18.7.2 public liability and/or professional indemnity insurance for such sum and range of cover as the Supplier reasonably deems to be appropriate but covering at least all matters which are the subject of indemnities or compensation obligations under these Conditions in the sum of not less than five million pounds (£5,000,000) for any one incident (or any other amount as may be specified in the Contract), unless otherwise agreed by NWL in Writing.
- 18.8 The liability of the Supplier in respect of the Supply will not be affected by the Supplier's use of agents, distributors, subcontractors or any third party whatsoever.
- 18.9 Any legal rights which NWL may have against the Supplier at the date of the Contract are expressly preserved and shall not be prejudiced or waived by reason of NWL entering into the Contract.

Section 1 – Data Protection

1. **Conflict with Data Protection Requirements and Standard Terms**

1.1 The parties agree that nothing in the Contract shall require either party to do or refrain from doing anything (including disclosing or providing access to Personal Data, or curtailing that party's use of Personal Data) which is incompatible with its rights and obligations under the Data Protection Requirements, and any provision of the Contract which purports to create rights or impose obligations in contravention of this paragraph 1 shall be deemed to be subject to this paragraph 1.

2. **Controller provisions**

2.1. The Parties acknowledge that they are both Controllers of the Relevant Data.

2.2. The parties warrant and undertake with each other that they will:

2.2.1. process any shared Relevant Data in compliance with the Data Protection Requirements;

2.2.2. prior to any transfer of the shared Relevant Data:

2.2.2.1. ensure that it has provided appropriate information to all relevant Data Subjects as required by Articles 13 and 14 of the GDPR and (if appropriate) consents in place, to enable lawful transfer of the Relevant Data to the other party (including any notified onward transferees) for the permitted purposes (including by identifying an appropriate legal basis for the proposed transfer);

2.2.2.2. as a minimum, any data collection form or privacy notice used by a party to collect Personal Data from Data Subjects which are included within the Relevant Data, will contain a privacy notice informing the Data Subject of:

2.2.2.2.1. the identity of the Controller(s);

2.2.2.2.2. the identity of any data protection representative it may have appointed;

2.2.2.2.3. the purpose or purposes for which their Personal Data will be shared and / or processed;

2.2.2.2.4. clear reference to the relevant parties involved in the Processing of the shared Relevant Data, and an explanation of the relevant sharing of Personal Data between them. This includes giving notice that, on the termination of the Contract, Personal Data relating to them may be retained by the other party; and,

2.2.2.2.5. any other information which is necessary having regard to the specific circumstances in which the Personal Data is, or is to be, shared and / or processed, to enable fair processing in respect of each Data Subject.

2.2.3. process any shared Relevant Data in accordance with, and only to the extent necessary for, the purposes appropriately notified to the relevant Data Subjects;

2.2.4. promptly inform the other party, to the extent it is permitted to do so, of any inaccuracies in the shared Relevant Data;

2.2.5. use compatible technology for the processing of shared Relevant Data to ensure that there is no lack of accuracy resulting from personal data transfers;

- 2.2.6. retain the shared Relevant Data only for so long as is necessary for the purposes identified to the relevant Data Subjects and in accordance with such periods as may be set out at paragraph 6 of Section 2, or as may be agreed by the parties from time to time;
- 2.2.7. respond within a reasonable time and as far as reasonably possible to enquiries from any relevant Data Protection Authority in relation to any shared Relevant Data;
- 2.2.8. respond to any exercise by a Data Subject of any rights granted by the GDPR;
- 2.2.9. where applicable, pay their registration fees at all relevant Data Protection Authorities to process any shared Relevant Data for the purpose of the Contract; and
- 2.2.10. take all appropriate steps to implement and maintain the Security Requirements.

3. **Joint Controller provisions**

3.1. **THIS PARAPGRAPH ONLY APPLIES WHERE THE PARTIES ARE NOT ACTING AS JOINT CONTROLLERS:** The parties have decided that they are not joint controllers in relation to the Relevant Data. If the Services change, and / or the manner in which the Relevant Data is shared and used by the parties changes, such that the parties are or may be joint controllers, they shall each use reasonable efforts to agree and document in a transparent manner, relevant amendments to this Agreement to reflect any necessary provisions to govern their joint controller relationship appropriately under European DP law, unless their responsibilities are determined by applicable European DP Law.

3.2. **THIS PARAPGRAPH ONLY APPLIES WHERE THE PARTIES ARE ACTING AS JOINT CONTROLLERS:** The parties have decided that they are joint controllers in relation to the Relevant Data for the purposes of Article 26 of the GDPR. In this regard the parties have agreed the following:

- 3.2.1. The Contract sets out the terms of the joint controller arrangement between them.
- 3.2.2. The contact point of each party for Data Subjects are stated at paragraph 7 of Section 2 (or as notified to the other party in writing).
- 3.2.3. The parties shall provide the Data Subjects with the information required by Articles 13 and 14 GDPR, in accordance with paragraph 2.2.2.
- 3.2.4. A summary of the agreement (which captures the essence of the arrangement, to the extent that it relates to the parties acting as joint controllers), shall be made available to the Data Subject if requested.
- 3.2.5. Prior to sharing the Relevant Data, the parties shall establish, and then maintain for the duration of the Contract, a joint governance team with an equal number of representatives from each party to jointly monitor the impact of the data sharing, and the effectiveness of the arrangements, including any security measures agreed between the parties.
- 3.2.6. The parties acknowledge that irrespective of the terms of this joint controller arrangement, the Data Subject may exercise his or her rights under the GDPR in respect of and against each of the joint controllers.

4. **Personal Data Breaches**

4.1. If a party becomes aware of a Personal Data Breach in relation to any shared Relevant Data, that party shall notify the other party without undue delay and in any event within 24 (twenty four) hours of becoming aware of that Personal Data Breach, by secure email (in the case of notice to NWL to data.protection@nwl.co.uk with 'Data Security Event' in the subject line), and provide the party's name, a contact name, a contact phone

number and contact email address in the body of email, on which the receiving party can reach the notifying party by return and at any time 24/7/365. The notifying party shall Securely provide the receiving party with further information about the breach in phases as information becomes available.

- 4.2. The notifying party shall Securely provide the receiving party with:
- 4.2.1. a description of the nature of the Personal Data Breach in clear and plain language including where possible, the categories and approximate number of Data Subjects concerned and the categories and approximate number of Relevant Data records concerned;
 - 4.2.2. the name and contact details of the notifying party's data protection officer or other contact point where more information can be obtained;
 - 4.2.3. a description of the likely consequences of the Personal Data Breach;
 - 4.2.4. a description of the measures taken or which the notifying party proposes should be taken to address the Personal Data Breach, including, where appropriate, measures to mitigate its possible adverse effects; and
 - 4.2.5. the following, where the Personal Data Breach is likely to result in a High Risk:
 - 4.2.5.1. the technical and organisational protection measures that were applied to the Relevant Data affected by the Personal Data Breach by the notifying party, in particular those that render the Relevant Data unintelligible to any person who is not authorised to access it, such as encryption;
 - 4.2.5.2. whether any such measures taken or to be taken will ensure that the High Risk is no longer likely to materialise; and
 - 4.2.5.3. whether, in the notifying party's view, communication to the Data Subject of the Personal Data Breach would involve disproportionate effort.
- 4.3. Where a party becomes aware of a Personal Data Breach in respect of its own systems or data which is in relation to any shared Relevant Data, and informs the other party of it, that other party shall provide the notifying party with the information in paragraph 4.2 above and with the notice under paragraph 4.1 above where it is possible to do so, and in any event within 24 (twenty-four) hours of that party informing the other party.
- 4.4. If and to the extent that it is not possible to provide the notifying party with all such information within 24 (twenty-four) hours, the receiving party shall provide the remaining information within 48 (forty-eight) hours unless another time period is agreed between the parties.
5. **Personnel**
- 5.1. The Supplier shall, in relation to its personnel (whether employees or not):
- 5.1.1. take all reasonable steps to ensure the reliability of such personnel that may have access to the Relevant Data;
 - 5.1.2. ensure that they are adequately trained to comply with all applicable legal requirements; and,
 - 5.1.3. ensure that they are subject to appropriate written contractual obligations concerning the processing of the shared Relevant Data (including obligations of confidentiality).

6. **Records**

The Supplier shall maintain complete, accurate and up to date written records of all categories of processing activities carried out in relation to the Relevant Data. Such records shall include all information necessary to demonstrate its and NWL's compliance with this Annex A, the information referred to in Articles 30(1) of the GDPR and such other information as NWL, and its regulators, may reasonably require from time to time. The Supplier shall make copies of such records available to NWL promptly on request from time to time, and NWL may share such records with its regulators or relevant authorities where appropriate.

7. **Extra-EEA transfer**

7.1. The parties warrant and undertake with each other that they will not disclose or transfer any shared Relevant Data to a third party data controller located outside the EEA unless:

- 7.1.1. it complies with the provisions of the Data Protection Requirements, including by ensuring there are appropriate safeguards in place to govern such transfer;
- 7.1.2. Data Subjects have been given the opportunity to object, after having been informed of the purposes of the transfer, the categories of recipients and the fact that the countries to which any shared Relevant Data is exported may have different data protection standards; or
- 7.1.3. with regard to onward transfers of Relevant Data, Data Subjects have given their explicit consent to the onward transfer.

7.2. **THIS PARAGRAPH ONLY APPLIES WHERE PERSONAL DATA WILL BE TRANSFERRED OUTSIDE OF THE EEA:** Where the parties wish to process the Relevant Data outside the EEA on the basis of appropriate safeguards under paragraph 7.1.1, a party may only process, or permit the processing, of the Relevant Data outside the EEA under the following conditions:

- 7.2.1. That party is processing the Relevant Data in a territory which is subject to a current finding by the European Commission (or in the event of Brexit, the ICO) under the Data Protection Requirements that the territory provides adequate protection for the privacy rights of individuals. That party must notify the other party in writing of the territory that is subject to such an adequacy finding; or
- 7.2.2. That party participates in a valid cross-border transfer mechanism under the Data Protection Requirements, so that that party (and, where appropriate, the other party) can ensure that appropriate safeguards are in place to ensure an adequate level of protection with respect to the privacy rights of individuals as required by Article 46 of the GDPR. That party must notify the other party in writing in advance, the transfer mechanism that enables the parties to comply with the restriction on cross-border transfers under the Data Protection Requirements and that party must immediately inform the other party of any change to that status; or
- 7.2.3. The parties have agreed, and recorded in the Contract or in writing, that the transfer otherwise complies with the Data Protection Requirements.

7.3. If any transfer of the Relevant Data outside the EEA requires execution of the Standard Contractual Clauses in order to comply with the Data Protection Requirements, the parties will complete all relevant details in, and execute, the SCC contained in Section 3 below (including by selecting and initialling the option at clause II(h)), and take all other actions required to legitimise the transfer. For the purposes of the SCC, the parties have agreed that:

- 7.3.1. If there is a conflict between the SCC and the Contract, the SCC shall prevail to the extent of such conflict;

- 7.3.2. The option at clause II(h) of the SCC, of the applicable law to the Supplier as data importer, will be English law;
- 7.3.3. Section 2 of this Annex A shall be read as Annex B of the SCC; and,
- 7.3.4. Execution of the Contract by both parties shall constitute execution of the SCC.

8. **Data Protection Impact Assessments**

- 8.1. If the Supplier has already carried out a data protection impact assessment ("DPIA") in relation to the Services of a similar scope of Services or product, it shall provide the resulting assessment to NWL on NWL's request, to inform NWL's own DPIA.
- 8.2. The Supplier shall co-operate fully with NWL in carrying out the DPIA and in any consultation with the Information Commissioner, and any organisation or individuals which NWL may reasonably determine should be consulted.
- 8.3. The Supplier shall assist NWL, where necessary and upon request, in ensuring compliance with the obligations deriving from the carrying out of DPIAs and from prior consultations with the Information Commissioner.

9. **Mutual assistance**

- 9.1. The parties agree to provide each other with reasonable assistance with regard to:
 - 9.1.1. any Subject Access Requests received as is reasonably necessary;
 - 9.1.2. to respond to any other queries, exercise of individual rights or complaints from Data Subjects;
 - 9.1.3. to respond to any queries, information requests or complaints from the Information Commissioner or other competent authority.
- 9.2. Where the Supplier assists NWL with NWL's compliance with European DP law under or pursuant to the Contract, that assistance will be at no additional cost to NWL.

10. **Indemnity**

- 10.1. The Supplier shall indemnify, keep indemnified and defend at its own expense NWL and any NWL group company against all costs, claims, damages or expenses incurred by NWL or any NWL group company or for which NWL or any NWL group company agree to pay or may become liable due to any failure by the Supplier or its employees, subcontractors or agents to comply with any of its obligations under this Annex A or the Data Protection Requirements.
- 10.2. Any limitation of liability set out in the Contract will not apply to the indemnity at paragraph 10.1.
- 10.3. Without prejudice to the generality of the indemnity at paragraph 10.1 or any specific terms in the Contract which exclude types of loss, NWL may claim the following types of costs, claims, damages or expenses:
 - 10.3.1. the costs of an investigative, corrective or compensatory action required by the ICO, or the defence of a proposed or actual enforcement taken by the Information Commissioner or other competent authority; and
 - 10.3.2. losses, fines, penalties, liabilities, damages, costs, charges, claims, amounts paid in settlement and expenses (including legal fees (on a solicitor/client basis), disbursements, costs of investigation (including forensic investigation), litigation, settlement (including ex gratia payments), judgment, interest and penalties), other professional charges and expenses, disbursements, cost of breach

notification including notifications to the data subject, cost of complaints handling (including providing data subjects with credit reference checks, setting up contact centres (e.g. call centres) and making ex gratia payments), all whether arising in contract, tort (including negligence), breach of statutory duty or otherwise.

10.4. NWL may enforce the indemnity at paragraph 10.1 on behalf of any NWL group company.

11. **Change in Data Protection Requirements**

11.1. In the event that there is a change during the Term in:

11.1.1. applicable European DP Law, UK DP Law or other Data Protection Requirements in England (whether also in Wales, Scotland and/or Northern Ireland or not);

11.1.2. (where applicable) the available mechanisms or safeguards used to transfer Relevant Data to a Restricted Country;

11.1.3. (where applicable) the available standard contractual clauses which are relevant to either party's or both parties' Processing of Relevant Data; and/or

11.1.4. (given the particular difficulty in foreseeing the future legal landscape during and after Brexit, including the precise nature of a Brexit Event) some other event or situation or happening

and NWL reasonably determines that the Contract is, wholly or in part, no longer appropriate in the light of Data Protection Requirements, NWL shall notify the Supplier of its determination and (a) each party shall promptly take such reasonable and appropriate steps necessary to ensure its ongoing compliance with applicable Data Protection Requirements, and (b) the Supplier shall negotiate with NWL in good faith to enter promptly into such variation to the Contract as is necessary to ensure the parties' ongoing compliance with applicable Data Protection Requirements.

12. **Costs**

Where the Supplier assists NWL with NWL's compliance with European DP Law under or pursuant to the Contract, that assistance will be at no additional cost to NWL.

SET II

Standard contractual clauses for the transfer of personal data from the Community to third countries
(controller to controller transfers)

Data transfer agreement

between

NWL (as defined above)(name)

As above(address and country of establishment)

hereinafter “data exporter”

and

The Supplier (as defined above)(name)

As above(address and country of establishment)

hereinafter “data importer”

each a “party”; together “the parties”.

Definitions

For the purposes of the clauses:

- a) “personal data”, “special categories of data/sensitive data”, “process/processing”, “controller”, “processor”, “data subject” and “supervisory authority/authority” shall have the same meaning as in Directive 95/46/EC of 24 October 1995 (whereby “the authority” shall mean the competent data protection authority in the territory in which the data exporter is established);
- b) “the data exporter” shall mean the controller who transfers the personal data;
- c) “the data importer” shall mean the controller who agrees to receive from the data exporter personal data for further processing in accordance with the terms of these clauses and who is not subject to a third country’s system ensuring adequate protection;
- d) “clauses” shall mean these contractual clauses, which are a free-standing document that does not incorporate commercial business terms established by the parties under separate commercial arrangements.

The details of the transfer (as well as the personal data covered) are specified in Annex B, which forms an integral part of the clauses.

I. Obligations of the data exporter

The data exporter warrants and undertakes that:

- a) The personal data have been collected, processed and transferred in accordance with the laws applicable to the data exporter.
- b) It has used reasonable efforts to determine that the data importer is able to satisfy its legal obligations under these clauses.
- c) It will provide the data importer, when so requested, with copies of relevant data protection laws or references to them (where relevant, and not including legal advice) of the country in which the data exporter is established.

- d) It will respond to enquiries from data subjects and the authority concerning processing of the personal data by the data importer, unless the parties have agreed that the data importer will so respond, in which case the data exporter will still respond to the extent reasonably possible and with the information reasonably available to it if the data importer is unwilling or unable to respond. Responses will be made within a reasonable time.
- e) It will make available, upon request, a copy of the clauses to data subjects who are third party beneficiaries under clause III, unless the clauses contain confidential information, in which case it may remove such information. Where information is removed, the data exporter shall inform data subjects in writing of the reason for removal and of their right to draw the removal to the attention of the authority. However, the data exporter shall abide by a decision of the authority regarding access to the full text of the clauses by data subjects, as long as data subjects have agreed to respect the confidentiality of the confidential information removed. The data exporter shall also provide a copy of the clauses to the authority where required.

II. Obligations of the data importer

The data importer warrants and undertakes that:

- a) It will have in place appropriate technical and organisational measures to protect the personal data against accidental or unlawful destruction or accidental loss, alteration, unauthorised disclosure or access, and which provide a level of security appropriate to the risk represented by the processing and the nature of the data to be protected.
- b) It will have in place procedures so that any third party it authorises to have access to the personal data, including processors, will respect and maintain the confidentiality and security of the personal data. Any person acting under the authority of the data importer, including a data processor, shall be obligated to process the personal data only on instructions from the data importer. This provision does not apply to persons authorised or required by law or regulation to have access to the personal data.
- c) It has no reason to believe, at the time of entering into these clauses, in the existence of any local laws that would have a substantial adverse effect on the guarantees provided for under these clauses, and it will inform the data exporter (which will pass such notification on to the authority where required) if it becomes aware of any such laws.
- d) It will process the personal data for purposes described in Annex B, and has the legal authority to give the warranties and fulfil the undertakings set out in these clauses.
- e) It will identify to the data exporter a contact point within its organisation authorised to respond to enquiries concerning processing of the personal data, and will cooperate in good faith with the data exporter, the data subject and the authority concerning all such enquiries within a reasonable time. In case of legal dissolution of the data exporter, or if the parties have so agreed, the data importer will assume responsibility for compliance with the provisions of clause I(e).
- f) At the request of the data exporter, it will provide the data exporter with evidence of financial resources sufficient to fulfil its responsibilities under clause III (which may include insurance coverage).
- g) Upon reasonable request of the data exporter, it will submit its data processing facilities, data files and documentation needed for processing to reviewing, auditing and/or certifying by the data exporter (or any independent or impartial inspection agents or auditors, selected by the data exporter and not reasonably objected to by the data importer) to ascertain compliance with the warranties and undertakings in these clauses, with reasonable notice and during regular business hours. The request will be subject to any necessary consent or approval from a regulatory or supervisory authority within the country of the data importer, which consent or approval the data importer will attempt to obtain in a timely fashion.
- h) It will process the personal data, at its option, in accordance with:
 - i. the data protection laws of the country in which the data exporter is established, or
 - ii. the relevant provisions¹ of any Commission decision pursuant to Article 25(6) of Directive 95/46/EC, where the data importer complies with the relevant provisions of such an authorisation or decision and

¹ "Relevant provisions" means those provisions of any authorisation or decision except for the enforcement provisions of any authorisation or decision (which shall be governed by these clauses).

is based in a country to which such an authorisation or decision pertains, but is not covered by such authorisation or decision for the purposes of the transfer(s) of the personal data², or

- iii. the data processing principles set forth in Annex A.

Data importer to indicate which option it selects: Option I (the data protection laws of the country in which the data exporter is established)

Initials of data importer: [Supplier to initial here]

- i) It will not disclose or transfer the personal data to a third party data controller located outside the European Economic Area (EEA) unless it notifies the data exporter about the transfer and
 - i. the third party data controller processes the personal data in accordance with a Commission decision finding that a third country provides adequate protection, or
 - ii. the third party data controller becomes a signatory to these clauses or another data transfer agreement approved by a competent authority in the EU, or
 - iii. data subjects have been given the opportunity to object, after having been informed of the purposes of the transfer, the categories of recipients and the fact that the countries to which data is exported may have different data protection standards, or
 - iv. with regard to onward transfers of sensitive data, data subjects have given their unambiguous consent to the onward transfer

III. Liability and third party rights

- a) Each party shall be liable to the other parties for damages it causes by any breach of these clauses. Liability as between the parties is limited to actual damage suffered. Punitive damages (i.e. damages intended to punish a party for its outrageous conduct) are specifically excluded. Each party shall be liable to data subjects for damages it causes by any breach of third party rights under these clauses. This does not affect the liability of the data exporter under its data protection law.
- b) The parties agree that a data subject shall have the right to enforce as a third party beneficiary this clause and clauses I(b), I(d), I(e), II(a), II(c), II(d), II(e), II(h), II(i), III(a), V, VI(d) and VII against the data importer or the data exporter, for their respective breach of their contractual obligations, with regard to his personal data, and accept jurisdiction for this purpose in the data exporter's country of establishment. In cases involving allegations of breach by the data importer, the data subject must first request the data exporter to take appropriate action to enforce his rights against the data importer; if the data exporter does not take such action within a reasonable period (which under normal circumstances would be one month), the data subject may then enforce his rights against the data importer directly. A data subject is entitled to proceed directly against a data exporter that has failed to use reasonable efforts to determine that the data importer is able to satisfy its legal obligations under these clauses (the data exporter shall have the burden to prove that it took reasonable efforts).

IV. Law applicable to the clauses

These clauses shall be governed by the law of the country in which the data exporter is established, with the exception of the laws and regulations relating to processing of the personal data by the data importer under clause II(h), which shall apply only if so selected by the data importer under that clause.

V. Resolution of disputes with data subjects or the authority

- a) In the event of a dispute or claim brought by a data subject or the authority concerning the processing of the personal data against either or both of the parties, the parties will inform each other about any such disputes or claims, and will cooperate with a view to settling them amicably in a timely fashion.
- b) The parties agree to respond to any generally available non-binding mediation procedure initiated by a data subject or by the authority. If they do participate in the proceedings, the parties may elect to do so remotely (such as by telephone or other electronic means). The parties also agree to consider participating in any other arbitration, mediation or other dispute resolution proceedings developed for data protection disputes.
- c) Each party shall abide by a decision of a competent court of the data exporter's country of establishment or of the authority which is final and against which no further appeal is possible.

² However, the provisions of Annex A.5 concerning rights of access, rectification, deletion and objection must be applied when this option is chosen and take precedence over any comparable provisions of the Commission Decision selected.

VI. Termination

- a) In the event that the data importer is in breach of its obligations under these clauses, then the data exporter may temporarily suspend the transfer of personal data to the data importer until the breach is repaired or the contract is terminated.
- b) In the event that:
 - i. the transfer of personal data to the data importer has been temporarily suspended by the data exporter for longer than one month pursuant to paragraph (a);
 - ii. compliance by the data importer with these clauses would put it in breach of its legal or regulatory obligations in the country of import;
 - iii. the data importer is in substantial or persistent breach of any warranties or undertakings given by it under these clauses;
 - iv. a final decision against which no further appeal is possible of a competent court of the data exporter's country of establishment or of the authority rules that there has been a breach of the clauses by the data importer or the data exporter; or
 - v. a petition is presented for the administration or winding up of the data importer, whether in its personal or business capacity, which petition is not dismissed within the applicable period for such dismissal under applicable law; a winding up order is made; a receiver is appointed over any of its assets; a trustee in bankruptcy is appointed, if the data importer is an individual; a company voluntary arrangement is commenced by it; or any equivalent event in any jurisdiction occurs

then the data exporter, without prejudice to any other rights which it may have against the data importer, shall be entitled to terminate these clauses, in which case the authority shall be informed where required. In cases covered by (i), (ii), or (iv) above the data importer may also terminate these clauses.

- c) Either party may terminate these clauses if (i) any Commission positive adequacy decision under Article 25(6) of Directive 95/46/EC (or any superseding text) is issued in relation to the country (or a sector thereof) to which the data is transferred and processed by the data importer, or (ii) Directive 95/46/EC (or any superseding text) becomes directly applicable in such country.
- d) The parties agree that the termination of these clauses at any time, in any circumstances and for whatever reason (except for termination under clause VI(c)) does not exempt them from the obligations and/or conditions under the clauses as regards the processing of the personal data transferred.

VII. Variation of these clauses

The parties may not modify these clauses except to update any information in Annex B, in which case they will inform the authority where required. This does not preclude the parties from adding additional commercial clauses where required.

VIII. Description of the Transfer

The details of the transfer and of the personal data are specified in Annex B. The parties agree that Annex B may contain confidential business information which they will not disclose to third parties, except as required by law or in response to a competent regulatory or government agency, or as required under clause I(e). The parties may execute additional annexes to cover additional transfers, which will be submitted to the authority where required. Annex B may, in the alternative, be drafted to cover multiple transfers.

ANNEX A TO THIS SECTION 3

DATA PROCESSING PRINCIPLES

1. Purpose limitation: Personal data may be processed and subsequently used or further communicated only for purposes described in Annex B of this Section 3 or subsequently authorised by the data subject.
2. Data quality and proportionality: Personal data must be accurate and, where necessary, kept up to date. The personal data must be adequate, relevant and not excessive in relation to the purposes for which they are transferred and further processed.
3. Transparency: Data subjects must be provided with information necessary to ensure fair processing (such as information about the purposes of processing and about the transfer), unless such information has already been given by the data exporter.
4. Security and confidentiality: Technical and organisational security measures must be taken by the data controller that are appropriate to the risks, such as against accidental or unlawful destruction or accidental loss, alteration, unauthorised disclosure or access, presented by the processing. Any person acting under the authority of the data controller, including a processor, must not process the data except on instructions from the data controller.
5. Rights of access, rectification, deletion and objection: As provided in Article 12 of Directive 95/46/EC, data subjects must, whether directly or via a third party, be provided with the personal information about them that an organisation holds, except for requests which are manifestly abusive, based on unreasonable intervals or their number or repetitive or systematic nature, or for which access need not be granted under the law of the country of the data exporter. Provided that the authority has given its prior approval, access need also not be granted when doing so would be likely to seriously harm the interests of the data importer or other organisations dealing with the data importer and such interests are not overridden by the interests for fundamental rights and freedoms of the data subject. The sources of the personal data need not be identified when this is not possible by reasonable efforts, or where the rights of persons other than the individual would be violated. Data subjects must be able to have the personal information about them rectified, amended, or deleted where it is inaccurate or processed against these principles. If there are compelling grounds to doubt the legitimacy of the request, the organisation may require further justifications before proceeding to rectification, amendment or deletion. Notification of any rectification, amendment or deletion to third parties to whom the data have been disclosed need not be made when this involves a disproportionate effort. A data subject must also be able to object to the processing of the personal data relating to him if there are compelling legitimate grounds relating to his particular situation. The burden of proof for any refusal rests on the data importer, and the data subject may always challenge a refusal before the authority.
6. Sensitive data: The data importer shall take such additional measures (e.g. relating to security) as are necessary to protect such sensitive data in accordance with its obligations under clause II.
7. Data used for marketing purposes: Where data are processed for the purposes of direct marketing, effective procedures should exist allowing the data subject at any time to "opt-out" from having his data used for such purposes.
8.
